**LEGISLATIVE COMMENT**

Mr. Tuma – Asked if anyone from the public would like to comment on any legislation  
that Council will be taking final action on tonight.

Mr. Dale Miller, 12995 E. Bagley Road – Stated the problem he had with the hearings  
was he did not realize it was just an objection to the measurement of the frontage of their  
properties. The residents had a list of the objections they had to the cost of the assessment of  
the sewers on Bagley Road. Many people cannot afford \$70 a lineal foot on the assessment of  
\$10,000 for the frontage of their property. Wanted to know if there was any other funding  
available that can help to defray the cost.

Ms. Kathrine Kreiger-Caja, 7420 North Linden Lane – Stated she has a problem with the  
Equalization Board. She was informed that the project would not be going across the full  
frontage of her property of 152.30 feet. It would only be going across approximately 85 feet.  
She does not feel she should be charged for 152.30 feet because there is a big difference in  
numbers and dollar amount.

Mr. Ray Looney – Questioned the Broadview/Parkhaven Sewer Project. Stated it is now  
\$80 a square foot. Wants to know what are the true figures.

Law Director Dobeck – Explained the steps of the project which are outlined in the Ohio  
Revised Code. The residents get an estimated cost. Then the equalization process starts. You  
never know what the final cost is going to be until the construction project is completed. Then  
towards the end you have a levying Ordinance. Tonight we have the levying Ordinance for the  
Broadview Project. The assessment was reduced to \$80 per lineal foot.

---

**DISPOSAL OF THE JOURNAL**

Mr. Tuma – Stated, we have the Minutes of the Tax Budget held on July 7, 2014, the  
Regular Council Meeting held on July 7, 2014, the Special Council Meeting held on July 21, 2014,  
and the Special Council Meeting held on July 24, 2014. Asked if there were any additions or  
corrections to these Minutes. Stated, hearing none, the Minutes will stand approved as printed.

**COMMUNICATIONS, PETITIONS, AND CLAIMS**

Variance for Mel Morris for property at 5301 Hauserman Road, PPN 442-01-003. The  
proposal is to use the property for truck and trailer sales. The request was for a "Use Variance of  
Section 1153.02 – SINGLE-FAMILY HOUSE DISTRICTS-PRINCIPAL USES AND BUILDINGS.  
Within any Single-Family House District, no building or premises shall be erected, used, arranged  
or designed to be used, in whole or in part, for other than Single-family detached dwellings. The  
proposal is to use property in Single-Family House District for the sale of trucks and trailers. This  
Variance would result in allowing for the sale of trucks and trailers in a Single-Family House  
District.

**COMMUNICATIONS, PETITIONS, AND CLAIMS CONTINUED:**

Motion made by Councilman Divis, seconded by Councilman Day, to refer this Variance back to the Board of Zoning Appeals without further action. Motion carried.

---

Variance for the applicant Joel Copley, Janotta & Herner for property located at 12973 Brookpark Road, PPN 441-03-005. The proposal is to operate a pre-owned car sales business in an Industrial "A" zoning district. The first request is for a "Use" Variance of Section 1170.03- PLANNING & ZONING CODE – SCHEDULE OF PERMITTED BUILDINGS AND USES. Used car sales are not listed in Industrial "A" district of permitted buildings and uses. This Variance would result in allowing the selling of pre-owned cars in an Industrial "A" District. The second request is for an "Area" Variance of Section 1171.07© - INDUSTRIAL DISTRICTS – SCHEDULE OF YARD AND HEIGHT REGULATIONS. Minimum 150' front setback is required in an Industrial "A" zoning district for all other permitted uses. The request is for 58'6" for front setback. This Variance would result in 91'6" less for front setback. The stipulation is that there is a right turn only onto W. 130<sup>th</sup> Street.

Motion made by Councilman Divis, seconded by Councilman Day, to grant these Variances to Joel Copley as recommended by the Parma Board of Zoning Appeals and the Planning Committee of Council. Motion carried.

---

Variance for the applicant Brian Uhlenbrock, Neff & Associates for property at 5640 Pearl Road, PPN 442-31-013. The proposal is to construct a building expansion. The first request is for an "Area" Variance of Section 1170.08(a) – COMMERCIAL OFFICE DISTRICTS – SCHEDULE OF YARD AND HEIGHT REGULATIONS. A 30' front setback from the street right-of-way is required in a Retail Business District per the schedule of yard and height requirements. The proposal is for a 17'9" front setback from Pearl Road and a 4'9" front setback from Bauerdale Avenue. This Variance would result in allowing 12'1" less front setback from Pearl Road and 25'1" less front setback from Bauerdale Avenue. The second request is for an "Area" Variance of Section 1170.08(a) – COMMERCIAL OFFICE DISTRICTS – SCHEDULE OF YARD AND HEIGHT REGULATIONS. A 20' side setback from the accessory building to the adjacent residential district is required per the schedule of yard and height requirement. The proposal is 8'8" side setback from residential district. This Variance would result in 11'2" less side setback.

Motion made by Councilman Divis, seconded by Councilman Day, to grant these Variances to Brian Uhlenbrock as recommended by the Parma Board of Zoning Appeals and the Planning Committee of Council. Motion carried.

Communication dated August 4, 2014, from Katherine Krieger-Caja stating that this letter will serve as my objection to my Equalization Board hearing of Tuesday, July 29, 2014, at 6:30 p.m. She was not aware of what the board was going to ask and did not have the blue prints of the sewer project with her. She was informed that the project would not be going across the full frontage of her property of 152.30 feet. It would only be going across approximately 85 feet. She does not feel that she should be charged for 152.30 feet when only 85 feet are involved. She would like this letter read before Council and considered part of her objection.
