Councilwoman Kohar- asked why this happened.

Mr. Dipierro – Stated that he thought the investors pulled out.

Community Services Director Tollerup – Stated that the Development Agreement was struck prior to covid, and with the increase in lumber prices, and construction prices, the project cost ballooned from three million dollars to six million dollars, and investors were not willing to support the additional amount. Mr. Tollerup also stated that they would remain committed to

Robin and Little Birdie Wine Nest re-locating somewhere within Parma and are in close contact with her and looking for locations they can TIF to help her with this development.

Councilman Euerle- Asked Mr. Tollerup if the TIF would follow the person and not the land.

Community Services Director Tollerup – Stated that the TIF in Robin’s case is a unique business that we would want to keep here in Parma. He also stated that we would be willing to TIF wherever she goes. Mr. Tollerup explained that it is a process, and that they cannot just move the TIF over to another location.

Councilman Euerle – Stated that for the future if another business decides to go to that location will there be TIF money available?

Community Services Director Tollerup – Stated No, once the TIF is cancelled, anybody going to redevelop that site can then apply for a TIF. He stated that for now the TIF is dead at that location, and we will be going to seek additional TIFs at other locations.

Councilman Euerle- Asked if there were any prospects for that space.

Service Director Vannello – Explained that it was originally an ODOT project, and the City had a 2 million dollar grant available based on NOACA scoring of Snow Rd. He stated that the project was estimated at 5 and 1 half million, which was more than we had funding for, so we worked with the County. Mr. Vannello stated that they had to reduce the scope of work, and that the County worked with the State of Ohio to scale down the project, and we will still receive the 2 million dollars in NOACA funding.
