**WOW!**

## Dear Parma neighbor,

We look forward to offering you a better choice in Internet, TV and Phone service. In order to do so, we'll be in Parma doing construction in preparation to bring you our state-of-the-art network.

It may be necessary to trim some tree limbs to make space for cable lines during this process. Most of the areas are less than a foot in diameter. Rest assured, our team will take the utmost care in trimming and we'll clean up after ourselves at the end of the day.

We greatly appreciate your patience during construction and look forward to serving you soon.
