

## **CITY OF PARMA- 2021 LEAF COLLECTION SCHEDULE**

### **NOTICE TO RESIDENTS:**

The leaf collection program is a preventative maintenance measure to prevent the blockage of the street catch basins, prevent sewer backup into your home and to also prevent standing water in the roadways which then can cause ice conditions. The City leaf program is not intended to be a landscaping service for its residents and residents should limit their leaf collections from their front yards. We ask that you follow some basic instructions:

1. Do not rake leaves into to the street and avoid blocking catch basins. Do not put sticks, rocks or other debris into the leaf piles that may cause damage to the leaf equipment or cause injury to our City Workers.
2. Do not park your vehicles on the street in front of the leaf piles during your scheduled week; this may cause a hindrance in the collection process.
3. We asked that residents during the scheduled times have their leaves ready for pickup on the tree lawn. If that is not possible it is the responsibility of the resident to bag their leaves according to Rumpke guidelines and place them out for their scheduled trash pickup day.
4. The exact date or times that your street will be serviced is difficult to predict, but weather permitting the below schedule will indicate the dates we will be in your area. Any further assistance please contact our Service Department at (440) 885-8980 or (440) 885-8191.
