

**Attention Owners:  
HUD Regulation for HQS Inspections**

The U.S. Department of Housing & Urban Development (HUD) updated the requirements for all subsidized units being supported by the Housing Choice Voucher Program (Section 8).

HUD notice: [www.hud.gov](http://www.hud.gov).

- Carbon monoxide detectors are required within 10 feet outside any bedroom or any area used as a sleeping area within the unit.
- Non-compliance will be considered an emergency failure, just like non-working smoke detectors.
