Ridgewood Golf Course launches new website

PARMA, Ohio – Parma’s Ridgewood Golf Course has launched its own website.

The site – www.golfridgewoodohio.com – is up and running and Course Manager David Chuba says new content will be added periodically. “We want people to know about the new site and to get used to checking there for all our information,” he said.

The site contains news about the course, Manager’s Specials, the Jr. Golf program, photos and course history. Other features such as on-line tee times will be added in the future.

According to the site, the clubhouse (office) at Ridgewood is open year-round (weather permitting). The Clubhouse has a full bar, snack bar, and banquet facilities. The golf shop and bar typically are open from March 1st until mid-December depending on weather. Except for private parties the bar will close with the course at the end of the season. Hours of operation vary throughout the season so call for details.

The course is located at 6505 Ridge Road and can be reached at 440-888-1057.
