Re: Broadrock Drill Drop Project

Dear Mr Patel:

The Department of Public Works, Sanitary Engineering Division has been overseeing the Broadrock Drill Drop Project for the City of Parma. The total cost of the construction will total \$1,915,278.25. Funding has been provided through the Ohio Public Works Commission (\$450,000); MCIP Grant(\$250,000); OWDA Loan(\$215,278.25) and a grant from the Army Corps of Engineers(\$1,000,000). Current reimbursements from the Ohio Public Works Commission and the OWDA and NEORS are in process. Since the City of Parma has already received the total proceeds from the Army Corps of Engineers regarding this project we are requesting your office to commence reimbursement for current project costs.

Please remit \$1,000,000 for the Army Corps of Engineers funding portion regarding the Broadrock Drill Drop Project. Make the check payable to the Cuyahoga County Treasurer and remit to the following address:
