INDEPENDENT AUDITOR'S REPORT

Parma Public Housing Agency
Cuyahoga County
1440 Rockside Road, Suite 306
Parma, OH 44134

To the Board of Commissioners:

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the **Parma Public Housing Agency**, Cuyahoga County, Ohio (the Agency), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Parma Public Housing Agency, Cuyahoga County, Ohio as of December 31, 2021, and the changes in financial position and its cash flows for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Agency, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Agency's basic financial statements. The Financial Data Schedule as required by the U.S. Department of Housing and Urban Development and the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedule and Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 29, 2022, on our consideration of the Agency's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

PARMA PUBLIC HOUSING AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2021

UNAUDITED

The Parma Public Housing Agency's ("the Agency") Management's Discussion and Analysis (MD&A) is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Agency's financial activity, (c) identify changes in the Agency's position, and (d) identify individual fund issues or concerns.

Since the MD&A is designed to focus on the 2021 year's activities, resulting changes and currently known facts, please read it in conjunction with the Agency's financial statement.

FINANCIAL HIGHLIGHTS

- The Agency's Net Position decreased by \$786,065 or 38.75% during 2021, resulting from changes in operations. Since the Agency engages only in business-type activities, the increase is all in the category of business-type Net Position.
- Revenues decreased by \$1,235,006 or 17.48% during 2021. The decrease was due to less HUD funding received for the year. The prior year revenue from HUD included addition funding received due to COVID.
- The total expenses of the Agency programs increased by \$322,427 or 5.12%. The change was mainly due to housing assistance payments and the loss on the sale of capital assets.

Agency Financial statements

The Agency financial statements are designed to be corporate-like in that all business type activities are consolidated into columns, which add to a total for the entire Agency.

These Statements include a Statement of Net Position, which is like a Balance Sheet. The Statement of Net Position reports all financial and capital resources for the Agency. The Statement is presented in the format where assets, minus liabilities, equal "Net Position", formerly known as equity. Assets and liabilities are presented in order of liquidity and are classified as "Current" (convertible into cash within one year), and "Non-current".

The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Agency. Net Position (formerly equity) are reported in three broad categories:

Net Investment in Capital Assets: This component of Net Position consists of all Capital Assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

PARMA PUBLIC HOUSING AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2021

UNAUDITED

Restricted Net Position: This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Position: Consists of Net Position that do not meet the definition of "Net Investment in Capital Assets", or "Restricted Net Position".

The Agency financial statements also include a Statement of Revenues, Expenses and Changes in Fund Net Position (like an Income Statement). This Statement includes Operating Revenue, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as capital grant revenue, investment income and interest expense.

The focus of the Statement of Revenues, Expenses and Changes in Net Position is the "Change in Net Position", which is like Net Income or Loss.

Fund Financial statements

The Agency consists of exclusively Enterprise Funds. Enterprise Funds utilize the full accrual basis of accounting. The Enterprise method of accounting is like accounting utilized by the private sector accounting.

Many of the programs maintained by the Agency are done so as required by the Department of Housing and Urban Development. Others are segregated to enhance accountability and control.

The Agency's Programs

Conventional Public Housing – Under the Conventional Public Housing Program, the Agency rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the Agency to provide the housing at a rent that is based upon 30% of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical and management improvements to the Agency's properties.

Housing Choice Voucher Program – Under the Housing Choice Voucher Program, the Agency administers contracts with independent landlords that own the property. The Agency subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The

AGENCY STATEMENTS

The following table reflects the condensed Statement of Net Position compared to prior year. The Agency is engaged only in Business-Type Activities.

Table 1 - Condensed Statement of Net Positions Compared to Prior Year

	<u>2021</u>	<u>2020</u>
Current and Other Assets	\$ 2,002,799	\$ 1,965,155
Capital Assets	12,854	1,187,250
Total Assets	<u>2,015,653</u>	<u>3,152,405</u>
Deferred Outflows of Resources	<u>67,846</u>	<u>123,633</u>
Total Assets and Deferred Outflows	<u>\$ 2,083,499</u>	<u>\$ 3,276,038</u>
Current Liabilities	\$ 86,086	\$ 145,376
Long-Term Liabilities	463,053	916,407
Total Liabilities	<u>549,139</u>	<u>1,061,783</u>
Deferred Inflows of Resources	<u>291,650</u>	<u>185,480</u>
Net Positions:		
Net Investment in Capital Assets	12,854	1,187,250
Restricted Net Positions	506,810	692,447
Unrestricted Net Positions	723,046	149,078
Total Net Positions	<u>1,242,710</u>	<u>2,028,775</u>
Total Liabilities, Deferred Inflows and Net Positions	<u>\$ 2,083,499</u>	<u>\$ 3,276,038</u>

For more detail information see Statement of Net Positions presented elsewhere in this report.

MAJOR FACTORS AFFECTING THE STATEMENT OF NET POSITION

During 2021, current and other assets increased by \$37,644 and current liabilities decreased by \$59,290. The change in current assets and currently liability was mainly due to the increase in unrestricted cash and decrease in unpaid invoices at the end of 2021.

PARMA PUBLIC HOUSING AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2021

UNAUDITED

Long-term liability decreased by \$453,354. This decrease is mainly related to the change net Pension and OPEB liability.

Capital assets decreased from \$1,187,250 in 2020 to \$12,854 in 2021. The \$1,174,396 decrease is contributed primarily to the sale of Public Housing property. For more detail see "Capital Assets" presented later in this report.

The following table presents details on the change in Unrestricted Net Position.

Table 2 - Changes of Net Positions

	<u>Unrestricted</u>	<u>Restricted</u>	<u>Net Invest in C/A</u>
Beginning Balance - December 31, 2020	\$ 149,078	\$ 692,447	\$ 1,187,250
Results of Operation	(600,428)	(185,637)	0
Adjustments:			
Current year Depreciation Expense (1)	3,235	0	(3,235)
Capital Expenditure (2)	(27,938)	0	27,938
Disposal of Assets	<u>1,199,099</u>	<u>0</u>	<u>(1,199,099)</u>
Ending Balance - December 31, 2021	<u>\$ 723,046</u>	<u>\$ 506,810</u>	<u>\$ 12,854</u>

- (1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on Unrestricted Net Position.
- (2) Capital expenditures represent an outflow of unrestricted Net Position but are not treated as an expense against Results of Operations, and therefore must be deducted.

While the results of operations are a significant measure of the Agency's activities, the analysis of the changes in Unrestricted Net Position provides a clearer presentation of financial position.

The following schedule compares the revenues and expenses for the current and previous fiscal year. The Agency is engaged only in Business-Type Activities.

This space has been intentionally left blank.

Net Increases (Decreases)	<u>\$ (786,065)</u>	<u>\$ 771,368</u>

**MAJOR FACTORS AFFECTING THE STATEMENT OF REVENUE, EXPENSES
AND CHANGES IN NET POSITION**

Total revenue decreased by \$1,235,006 for the year. The revenue was \$7,064,345 in 2020 and \$5,829,339 in 2021. The decrease in revenue is mainly due to decrease in grant revenue earned from HUD for the Public Housing program, and prior year additional funding received for housing assistance due to COVID.

Total expenses increased by \$322,427 for the year. The increase was mainly due to the change in housing assistance payments.

CAPITAL ASSETS

As of year-end, the Agency had \$12,854 invested in a variety of capital assets as reflected in the following schedule, which represents a net decrease of \$1,174,396 or 98.92% from the end of last year.

ECONOMIC FACTORS

Significant economic factors affecting the Agency are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development.
- Local labor supply and demand, which can affect salary and wage rates.
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income.
- Inflationary pressure on utility rates, supplies and other costs.
- Unknown financial and operational impacts as well as impacts to federal programs because of the COVID-19 pandemic

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Reporting Entity

The Department of Parma Public Housing, City of Parma, Ohio, was created by the Codified Ordinances of the City of Parma, Chapter 2101, Ordinance 66-85 that was passed on March 20, 1985. The Department of Parma Public Housing, City of Parma, Ohio, contracts with the United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through subsidies provided by HUD. The Department of Parma Public Housing, City of Parma, Ohio, depends on subsidies from HUD to operate.

The nucleus of the financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) Statement No. 61 is the “primary government”. A fundamental characteristic of a primary government is that it is a fiscally independent entity. In evaluating how to define the financial reporting entity, management has considered all potential component units. A component unit is a legally separate entity for which the primary government is financially accountable. The criteria of financial accountability are the ability of the primary government to impose its will upon the potential component unit. These criteria were considered in determining the reporting entity. The Agency has no component units based on the above considerations; however, the Agency is reported as part of the City of Parma, Ohio’s reporting entity.

Basis of Presentation

The financial statements of the Agency have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The Agency’s basic financial statements consist of a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows.

The Agency uses a single enterprise fund to maintain its financial records on an accrual basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the change in net position, financial position, and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

Measurement Focus and Basis of Accounting

The enterprise fund is accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with the operation of the Agency are included on the statement of net position. The statement of changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

net total assets. The statement of cash flows provides information about how the Agency finances and meets the cash flow needs of its enterprise activity.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Agency's enterprise fund are charges to tenants for rent and operating subsidies from HUD. Operating expenses for the enterprise fund include the costs of facility maintenance, housing assistance payments, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Agency considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Capital Assets

Capital assets are recorded at cost. Costs that materially add to the productive capacity or extend the life of an asset are capitalized while maintenance and repair costs are expensed as incurred. Depreciation is computed on the straight-line method based on the following estimated useful lives:

Buildings	40 years
Building Improvements	15 years
Land Improvements	15 years
Equipment	7 years
Autos	5 years
Computers	3 years

Capitalization of Interest

The Agency's policy is not to capitalize interest related to the construction or purchase of capital assets.

Investments

Investments are stated at fair value. Cost based measures of fair value were applied to nonnegotiable certificates of deposit and money market investments.

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Compensated Absences

The Agency accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. All employees who meet the termination policy of the Agency for years of service are included in the calculation of the compensated absences accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: **(1)** the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee; and **(2)** it is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a liability. Information regarding compensated absences is detailed in Note 7.

Deferred Outflow and Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until then. For the Agency, deferred outflows of resources are reported on the statement of net position for pension and OPEB. The deferred outflows of resources related to pension and OPEB plans are explained in Note 5 and 6.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the Agency, deferred inflows of resources are reported on the statement of net position for pension and OPEB. The deferred inflows of resources related to pension and OPEB plans are explained in Notes 5 and 6.

Pension / Other Post-Employment Benefits

For purposes of measuring the net pension/OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

NOTE 2: **DEPOSITS AND INVESTMENTS**

Cash on Hand

At December 31, 2021, the carrying amount of the Agency's cash deposits was \$1,877,511 and the bank balance was \$1,879,414. Based on criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of December 31, 2021, deposits totaling \$500,000 were covered by Federal Depository Insurance and deposits totaling \$1,379,414 were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Agency's name.

Custodial credit is the risk that, in the event of a bank failure, the Agency's deposits may not be returned. The Agency's policy is to place deposits with major local banks approved by the Board. All deposits, except for deposits held by fiscal and escrow agents, are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held by specific pledged collateral in the City of Parma's name or insured by Federal Depository Insurance Coverage.

Investments

The Agency does not have a formal investment policy. The Agency follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* and records all its investments at fair value. At December 31, 2021, the Agency had no investments.

Interest Rate Risk

As a means of limiting its exposure to fair value of losses caused by rising interest rates, the Agency's investment policy requires that operating funds be invested primarily in short-term investments maturing within 2 years from the date of purchase and that its investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk

The Agency has no investment policy that would further limit its investment choices.

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Agency will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Agency has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the controller or qualified trustee.

Concentration of Credit Risk

The Agency places no limit on the amount it may invest in any one insurer. The Agency's deposits in financial institutions represent 100 percent of its deposits.

NOTE 3: **RESTRICTED CASH**

The restricted cash balance of \$591,108 on the financial statements represents:

FSS Escrow funds held for tenants	\$84,298
Restricted cash from sale of Public Housing	<u>506,810</u>
Total Restricted Cash	<u>\$591,108</u>

This space has been intentionally left blank.

PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 5: DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability/(asset) reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions, between an employer and its employees, of salaries and benefits for employee services. Pensions are provided to an employee on a deferred-payment basis as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the Agency's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the Agency's obligation for this liability to annually required payments. The Agency cannot control benefit terms or the manner in which pensions are financed; however, the Agency does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - Agency employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. Agency employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Agency to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS' annual report referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final Average Salary (FAS) represents the average of the three highest years of earnings over a members' career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The base amount of a member's pension benefit is locked in upon receipt of the initial benefit payment for calculation of the annual cost-of-living adjustment.

When a traditional plan benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

A death benefit of \$500 - \$2,500, determined by the number of years of service credit of the retiree, is paid to the beneficiary of a deceased retiree or disability benefit recipient under the Tradition pension plan and the Combined Plan.

The OPERS Board of Trustees approved a proposal at its October 2019 meeting to create a new tier of membership in the OPERS traditional pension plan. OPERS currently splits its non-retired membership into Group A, B or C depending on age and service criteria. Retirement Group D would consist of OPERS contributing members hired in 2022 and beyond. Group D will have its own eligibility standards, benefit structure and unique member features designed to meet the changing needs of Ohio public workers. It also will help OPERS address expected investment market volatility and adjust to the lack of available funding for health care.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the members' contributions plus or minus the investment gains or losses resulting from the members' investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the purchase of a monthly defined benefit annuity from OPERS (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options.

Funding Policy - The Ohio Revised Code (ORC) provides statutory Agency for member and employer contributions as follows:

	State and <u>Local</u>
2021 Statutory Maximum Contribution Rates:	
- Employer	14.0%
- Employee	10.0%

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The Agency's contractually required contribution for pension was \$47,901 for the year ending December 31, 2021.

Pension Liabilities, Pension Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability/(asset) was measured as of December 31, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Agency's proportion of the net pension liability was based on the Agency's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	Traditional Plan
Proportionate Share of Net Pension Liability	\$351,592
Percentage for Proportionate Share of Net Pension Liability	0.002374%
Change in Proportion from Prior Measurement Date	-0.000014%
Pension Expense	\$59,593

At December 31, 2021, the Agency reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Traditional Plan
Deferred Outflows of Resources	
Authority contributions subsequent to the measurement date	47,901
Total Deferred Outflows of Resources	\$47,901
Deferred Inflows of Resources	
Net difference between projected and actual earning on pension plan investments	\$137,020
Difference Between Expected and Actual Experience	14,705
Change in Proportion Share	9,015
Total Deferred Inflows of Resources	\$160,740

\$47,901 reported as deferred outflows of resources related to pension resulting from the Agency's contributions after the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Fiscal Year Ending December 31:		
	2022	(\$66,473)
	2023	(19,723)
	2024	(55,854)
	2025	(18,690)
	Total	(\$160,740)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all prior periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below:

Actuarial Information	Traditional Plan
Valuation Date	December 31, 2020
Experience Study	5 year ended 12/31/15
Actuarial Cost Method	Individual entry age
Actuarial Assumptions:	
Investment Return	7.20%
Wage Inflation	3.25%
Projected salary increase	3.25%-10.75% (includes wage inflation at 3.25%)
Cost-of-living adjustments	Pre 1/7/2013 Retirees: 3.00% Simple Post 1/7/2013 Retirees: 0.50% Simple through 2021, then 2.15% Simple

The total pension asset in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Actuarial Information	Traditional Plan
Actuarial Cost Method	Individual entry age
Actuarial Assumptions:	
Investment Return	7.20%
Wage Inflation	3.25%
Projected salary increase	3.25%-8.25%
Cost-of-living adjustments	Pre 1/7/2013 Retirees: 3.00% Simple Post 1/7/2013 Retirees: 0.50% Simple through 2021, then 2.15% Simple

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2020 and the long-term expected real rates of return:

Asset Class	Target Allocation for 2020	Weighted Average Long- Term Expected Real Rate of Return
Fixed Income	25.00%	1.32%
Domestic Equities	21.00%	5.64%
Real Estate	10.00%	5.39%
Private Equity	12.00%	10.42%
International Equities	23.00%	7.36%
Other investments	9.00%	4.75%
Total	100.00%	5.43%

Discount Rate The discount rate used to measure the total pension liability was 7.2 percent, post-experience study results. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Agency's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the Agency's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.2 percent, as well as what the Agency's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.2 percent) or one-percentage-point higher (8.2 percent) than the current rate:

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Agency's proportionate share of the net pension liability	1% Decrease (6.2%)	Current Discount rate of 7.2%	1% Increase (8.2%)
- Traditional Pension Plan	\$670,560	\$351,592	\$86,271

Changes Between Measurement Date and Report Date

Subsequent to December 31, 2021, the global economy was impacted by the COVID-19 pandemic and market volatility increased significantly. It is likely that 2022 investment market conditions and other economic factors will be negatively impacted; however, the overall impact on the OPERS investment portfolio and funding position is unknown at this time.

NOTE 6 – DEFINED BENEFIT OPEB PLAN

Net OPEB Liability

The net OPEB liability reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions, between an employer and its employees, of salaries and benefits for employee services. OPEB are provided to an employee on a deferred-payment basis as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability represents the Agency's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the Agency's obligation for this liability to annually required payments. The Agency cannot control benefit terms or the manner in which OPEB are financed; however, the Agency does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

The proportionate share of each plan's unfunded benefits is presented as a long-term net OPEB liability on the accrual basis of accounting. Any liability for the contractually required OPEB contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

To qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' annual report referenced below for additional information.

The Ohio Revised Code permits but does not require OPERS to provide health care to its eligible benefit recipients. Agency to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory Agency requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2021, state and local employers contributed at a rate of 14.0 percent of earnable salary. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar year 2020. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2021 remained at 0 percent for both plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2020 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The Agency's contractually required contribution was \$0 for fiscal year ending December 31, 2021.

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability were determined by an actuarial valuation as of December 31, 2019, rolled forward to the measurement date of December 31, 2020, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The Agency's proportion of the net OPEB liability was based on the Agency's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	Health Care Plan
Proportionate Share of Net OPEB Liability (Asset)	(\$40,570)
Proportion of the Net OPEB Liability	0.002277%
Change in Proportion from Prior Measurement date	-0.000190%
Pension Expense (Income)	(\$256,580)

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

On December 31, 2021, the Agency reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Health Care Plan
Deferred Outflows of Resources	
Assumption Changes	\$19,945
Total Deferred Outflows of Resources	\$19,945
 Deferred Inflows of Resources	
Net Difference between projected and actual earning on pension plan investments	\$21,607
Assumption Changes	65,730
Difference between expected and actual experience	36,610
Change in Proportionate Share	6,963
Total Deferred Inflows of Resources	\$130,910

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	Health Care Plan
Fiscal Year Ending December 31:	
2022	(\$60,618)
2023	(\$38,411)
2024	(9,391)
2025	(2,545)
Total	(\$110,965)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2019, rolled forward to the measurement date of December 31, 2020. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Actuarial Information	
Wage Inflation	3.25%
Future Salary Increases, including inflation 3.25%	3.25 - 10.75%
Single Discount Rate:	
Current measurement rate	6.00%
Prior measurement rate	3.16%
Investment Rate of Return	6.00%
Municipal Bond Rate	2.00%
Health Care Cost Trend Rate	10.5% initial, 3.5% ultimate in 2035
Actuarial Cost Method	Individual entry age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a calendar year are determined by applying the MP-2015 mortality improvement scale to all the above described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in three investment portfolios: The Defined Benefits

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. The System's primary goal is to achieve and maintain a fully funded status for benefits provided through the defined pension plans. The table below displays the Board-approved asset allocation policy for 2020 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return
Fixed Income	34.00%	1.07%
Domestic Equities	25.00%	5.64%
REITs	7.00%	6.48%
International Equities	25.00%	7.36%
Other Investments	9.00%	4.02%
TOTAL	100.00%	4.43%

Discount Rate – A single discount rate of 6.00 percent was used to measure the OPEB liability on the measurement date of December 31, 2020. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 2.00 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2120. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2120, and the municipal bond rate was applied to all health care costs after that date.

PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

Sensitivity of the Agency's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate – The following table presents the Agency's proportionate share of the net OPEB liability calculated using the single discount rate of 6.00 percent, as well as what the Agency's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.00 percent) or one percentage point higher (7.00 percent) than the current rate:

	1% Decrease (5.00%)	Single Discount Rate (6.00%)	1% Increase (7.00%)
Agency's proportionate share of the net OPEB liability (asset)	(\$10,087)	(\$40,570)	(\$65,623)

Sensitivity of the Agency's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate – Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the Agency's proportionate share of the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2021 is 8.5 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuary's project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

	1% Decrease (7.50%)	Current Trend Rate (8.50%)	1% Increase (9.50%)
Agency's proportionate share of the net OPEB liability	(\$41,555)	(\$40,570)	(\$39,460)

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

NOTE 7: COMPENSATED ABSCENCES

Vacation and sick leave policies are established by the Board of Commissioners based on local and state laws.

All permanent employees will earn 10 hours sick leave per month of service. Unused sick leave may be accumulated without limit. At the time of separation, union employees receive payment for thirty (30) days of unused sick leave. All permanent employees will earn vacation hours accumulated based on length of service. All vacation time earned must be used in the year earned without accumulation.

At December 31, 2020, the current portion of the liability is \$41,537 and the long-term portion is \$27,163.

The following is a summary of changes in compensated absences for the year ended December 31, 2021:

	Balance 12/31/2020	Amount Earned	Amount Used	Balance 12/31/2021	Due Within One Year
Compensated leave liability	\$ 48,205	\$ 45,537	\$ 25,042	\$ 68,700	\$ 41,537

NOTE 8: INSURANCE

The Agency is covered for property damage, general liability, automobile liability, law enforcement liability, public official's liability, and other crime liabilities through membership in the Housing Agency Risk Retention Group, Inc. (HARRG). HARRG is an insurance risk pool comprised of Public Housing Authorities, of which Parma Public Housing Agency is one. Deductibles and coverage limits are summarized below:

<u>Type of Coverage</u>	<u>Deductible</u>	<u>Coverage Limits</u>
Property	\$1,000	\$5,631,788
Boiler and Machinery	250	565,228/Per accident
General Liability	500	1,000,000/2,000,000
Automobile Liability	500	1,000,000/2,000,000
Public Officials	500	1,000,000/2,000,000
Business Computers	500	5,000 Software/ 7,500 Hardware

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Additionally, Workers' Compensation insurance is maintained through the State of Ohio Bureau of Workers' Compensation, in which rates are calculated retrospectively. The Agency is also fully insured through a premium payment plan with Aetna Health, Inc. for employee health care benefits. Settled claims have not exceeded the Agency's insurance in any of the past three years.

NOTE 9: CONTINGENCIES

Grants

Amounts grantor agencies pay to the Agency are subject to audit and adjustment by the grantor, principally the federal government. Grantors may require refunding any disallowed costs or excess reserve balances. Management cannot presently determine amounts grantors may disallow or recapture. However, based on prior experience, management believes any such disallowed claims or recaptured amounts would not have a material adverse effect on the overall financial position of the Agency at December 31, 2021.

Litigations and Claims

In the normal course of operations, the PHA may be subject to litigation and claims. At December 31, 2021, the PHA was not involved in such matters.

NOTE 10: LONG-TERM LIABILITIES

The change in the Agency's long-term obligations during 2021 were as follows:

Description	Balance 01/01/21	Additions	Deletions	Balance 12/31/21	Due Within One Year
Net Pension Liability	\$472,059	\$0	(\$120,467)	\$351,592	\$0
Net OPEB Liability	317,093	0	(317,093)	0	0
Total	\$789,152	\$0	(\$437,560)	\$351,592	\$0

See note 6 for information on the Agency net pension liability.

NOTE 12: SUBSEQUENT EVENTS

Generally accepted accounting principles define subsequent events as events or transactions that occur after the statement of financial position date, but before the financial statements as issued or are available to be issued. Management has evaluated subsequent events through May 31, 2022, the date on which the financial statements were available to be issued.

**PARMA PUBLIC HOUSING AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

NOTE 13: COVID-19

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Agency. The pension and other employee benefit plans in which the Agency participates fluctuate with market conditions and, due to market volatility, the amounts of gains or losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the Agency's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

NOTE 14: CARES ACT GRANT AWARD

In fiscal year 2021, HUD provided public housing agencies supplemental operating funds pursuant to the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) (Public 116-136), in accordance with the Annual Contributions Grant Agreement and associated laws and regulations.

LIPH (Low Income Public Housing) received a CARES Act Grant award in the amount of \$38,059 effective March 27, 2020. The Grant will have to be fully expended by December 31, 2021. As of December 31, 2021 Parma Public Housing has fully expended the grant.

The Housing Agency received CARES Act funding for the Housing Choice Voucher Program in the amount of \$231,219 effective March 27, 2020. As of December 31, 2021 the housing Agency has fully expended the grant. The revenue is recognized when the money is spent on COVID-19 related activities. The Grant will end on December 31, 2021 and any remaining amount of the Grant will be returned.

PARMA PUBLIC HOUSING AGENCY
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021

Ohio Public Employees' Retirement System

Net Pension Liability

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016 and 2018. For 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 8.00% to 7.50%, (b) the expected long-term average wage inflation rate was reduced from 3.75% to 3.25%, (c) the expected long-term average price inflation rate was reduced from 3.00% to 2.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality rates were updated to the RP-2014 Health Annuitant Mortality Table, adjusted for mortality improvement back to the observant period base year of 2006 and then established the base year as 2015 (f) mortality rates used in evaluating disability allowances were updated to the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and a base year of 2015 for males and 2010 for females (g) Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables. For 2019, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 7.50% to 7.20%. For 2020, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the cost-of-living adjustments for post-1/7/2013 retirees were reduced from 3.00% simple through 2018 to 1.40% simple through 2020, then 2.15% simple.

Net OPEB Liability

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for 2018-2020.

Changes in assumptions: For 2018, the single discount rate changed from 4.23% to 3.85%. For 2019, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the expected investment return was reduced from 6.50% to 6.00% (b) In January 2020, the Board adopted changes to health care coverage for Medicare and pre-Medicare retirees. It will include discontinuing the PPO plan for pre-Medicare retirees and replacing it with a monthly allowance to help participants pay for a health care plan of their choosing. The base allowance for Medicare eligible retirees will be reduced. The specific effect of these changes on the net OPEB liability and OPEB expense are unknown at this time (c) the single discount rate changed from 3.85% to 3.96%. For 2020, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the single discount rate changed from 3.96% to 3.16%. For 2021, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the single discount rate changed from 3.16% to 6.00%.

PARMA PUBLIC HOUSING AGENCY
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 30, 2021

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Parma Public Housing Agency (the Agency) under programs of the federal government for the year ended December 31, 2021. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Because the Schedule presents only a selected portion of the operations of the Agency, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Agency.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited to reimbursement.

NOTE C – INDIRECT COST RATE

The Agency has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE D – SUBRECIPIENTS

The Agency provided no federal awards to subrecipients during the year ended December 31, 2021.

NOTE E – DISCLOSURE OF OTHER FORMS OF ASSISTANCE

The Agency received no federal awards of non-monetary assistance that are required to be disclosed for the year ended December 31, 2021.

The Agency had no loans, loan guarantees, or federally restricted endowment funds required to be disclosed for the year ended December 31, 2021.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
 FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
 REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Parma Public Housing Agency
 Cuyahoga County
 1440 Rockside Road, Suite 306
 Parma, OH 44134

To the Director and Board of Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the **Parma Public Housing Agency**, Cuyahoga County, (the Agency) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Agency’s basic financial statements and have issued our report thereon dated July 29, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Parma Public Housing Agency
Cuyahoga County
1440 Rockside Road, Suite 306
Parma, OH 44134

To the Board of Commissioners:

Report on Compliance for the Major Federal Program

We have audited **Parma Public Housing Agency's**, (the Agency) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Agency's major federal program for the year ended December 31, 2021. The *Summary of Auditor's Results* in the accompanying schedule of audit findings identifies the Agency's major federal program.

Management's Responsibility

The Agency's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditor's Responsibility

Our responsibility is to opine on the Agency's compliance for the Agency's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Agency's major program. However, our audit does not provide a legal determination of the Agency's compliance.

Opinion on the Major Federal Program

In our opinion, the Agency complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2021.

Report on Internal Control Over Compliance

The Agency's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Agency's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.
